

# MIKA BRAHMBHATT

## ABOUT ME

I'm almost 16. I am someone who is very indecisive about what I want to do because want to make sure I have a successful life. I am always planning for the future. In the future, I want to be a model and a fashion designer, as fashion is something that peaks my interest. As an extrovert, I want my name to be known everywhere when I'm older.
